TALL BEARDED IRIS

Tall bearded iris come in all the colours of the rainbow.

They are frost hardy, drought tolerant, beautiful, evergreen perennials that deserve a FULL SUN place in your garden.

Bearded Iris can be moved at any time of the year but planting after April may not produce flowers in the first Spring following.

Kinspirit Bearded Iris are dug mainly from December to April, but some varieties can be dug all year.

Cultural notes are supplied with all plants purchased.

ALL PLANTS SUPPLIED BARE-ROOTED

All Louisiana Iris are \$7.00 each, **unless priced differently on the webpage and below**, plus postage and handling.
